Intention of sighting survey by Korea in subareas 5 and 6

YONG-ROCK AN, SEOK-GWAN CHOI AND DAE-YEON MOON
Cetacean Research Institute, National Fisheries Research & Development Institute

- Sighting surveys will be conducted every year in subareas 5 and 6, alternately (Fig. 1).
- The survey period will be from mid April to late May.
- Oversight will be applied to IWC/SC.
