¹ Available to be taken by aborigines or a Contracting Government on behalf of aborigines pursuant to paragraph 13(b)2.

² Available to be struck by aborigines pursuant to paragraph 13(b)3. Catch limit for each of the years 1/ 2010, 2011 and 2012.

³ In IWC/62 in Agadir, Morocco, June 2010, Denmark and Greenland agreed to voluntarily reduce further the catch limit for the West Greenland stock of fin whales from 16 to 10 for each of the years 2010, 2011 and 2012.

⁴ The catch limits of zero introduced into Table 1 as editorial amendments as a result of the coming into effect of paragraph 10(e) are not binding upon the governments of the countries which lodged and have not withdrawn objections to the said paragraph.

*The Government of Norway presented objection to the classification of the Northeastern Atlantic stock of minke whales as a Protection Stock within the prescribed period. This classification came into force on 30 January 1986 but is not binding on the Government of Norway.

[▲]The Government of the Czech Republic lodged an objection within the prescribed period to the amendments to the Schedule arising from the 62nd Annual Meeting of the Commission, i.e. changes to the dates of the pelagic and coastal whaling seasons given in paragraphs 11 and 12 and Tables 1, 2 and 3; and changes to the aboriginal subsistence whaling catch limits set out in paragraph 13 (b). For all other Contracting Governments, these provisions came into force on 11 January 2011. The Czech Republic lodged a similar objection to Schedule amendments arising from the 60th and 61st Annual Meetings of the Commission. These objections have not been withdrawn.
